My apologies I get intermittent network and see Denise Sid forward the MOU and budgets as we discussed in our meeting post the approval and I can confirm it was in fact signed off by myself the budgetary allowances were also at the time approved , however I don't think that the shareholder agreements were done these would have taken care of items listed in the MOU

■■■■, I told you several times yesterday we had no written signed formal Agreement from attorneys ■■■■.

May I remind you that I reiterated several times too, we were concerned about Angelo's health last year. For that very reason I motivated for an MOU while we anticipated the final Agreement from the attorneys.

I also confirmed in our first meeting ■■■■ last week and again yesterday, that we kept a paper trail. This you requested and I promised to deliver. I have. I have sent the MOU which supports that we had a commitment from Bosasa in place. Several collective meetings with many people present in the main boardroom including ■■■■ as witness also confirmed this.

The budget document **also** confirming the time line was distributed to Bosasa Finance in September 2016 and several meetings took place ■■■■

I told you too, that I had e-mails relating to above. Denise

Dear Doc

In our meeting yesterday ■■■■, you repeatedly confirmed that there was nothing in writing and signed. I therefore find it strange that you managed to get a signed copy of an MOU that you repeatedly mentioned does not exist.

Kind regards
